- **Higher Secondary School Certificate**
📅 2016, 4.25(out of 4) SCIENCE, Chapai Nawabganj

About Me

- My habit is sitting in front of the computer for hours until I can fix the mistake or problem when I encounter a problem or error.
- I strongly believe in hard work. I am always confident in my work. I'd rather do a little bit well than a lot of garbage. I know I can't do everything but what I do I try to fulfill it to the best of my ability.
